Rosales, Paul Aaron

Senior Front-End Developer & UI/UX Designer

Senior Front-End Developer & UI/UX Designer with 15+ years of experience delivering React-based web applications and full-cycle UI/UX design for enterprise and SME clients across the Philippines and Southeast Asia. Proven track record building responsive, interactive interfaces (React, TypeScript, Three.js/React Three Fiber) for high-traffic brands including Solaire Resort and San Miguel Corporation. Combines strong front-end engineering fundamentals with hands-on brand and marketing design experience — able to own a project from wireframe to production deployment without handoff gaps.

WORK EXPERIENCE

Senior Front-End
C3 Interactive Manila - Philippines
MAY 2022 - MAR 2026

- Developed front-end features primarily using React ensuring responsive, cross-device performance mostly for San Miguel Corporation and their affiliated companies.
- Built & maintain a Drupal website from scratch, revise all previous functionalities such as:
  - Developed new modules and widgets to reduce redundancy in content creation — for example, a module that automatically categorizes related posts by taxonomy and generates a card-based widget displaying related content.
  - updated website themes to be fully responsive and cross-device ready.
  - automation of certain draft event(s) to be posted without human interaction.
- Collaborated with design and marketing stakeholders such as PLDT, Philippine Airlines and SatLite, to translate brand requirements into functional web interfaces; this also includes EDM and other social media marketing assets.

Freelance Brand & Web Designer
Self-Employed - Philippines
SEP 2019 - MAY 2022

- Provided freelance brand design and web design services to clients during the COVID-19 pandemic period, maintaining continuous client work while the agency market contracted.

Senior Web / Graphic Designer
EMAPTA - Philippines (BPO - Australian Acct.)
MAR 2017 - SEP 2019

- Created and maintained WordPress websites for Evac Services, Safe Home Services, and Evac Connect.
- Led design of marketing assets, including EDM campaigns and social media creative, for multiple client accounts.

Senior Web / Graphic Designer
Cr8v Web Solutions - Philippines
JAN 2014 - OCT 2016

- Designed UI/UX and developed numerous websites for small and medium-sized business clients.
- All developed websites are fully responsive, and fully capable for cross-device performance.
- Did a car auction web-app using Laravel, SQL and JQuery.
- Collaborated for Front-End development for Jollibee ordering system.

Main Layout Artist
Traversing the Orient - Thailand
MAR 2013 - OCT 2013

- Designed and created the main layout for the magazine Traversing the Orient for 3 published issues.
- Supervised all print outputs to ensure alignment with the expected layout design

Web / Graphic Designer
Floor Center Phils. Inc. - Philippines
JAN 2012 - MAR 2013

- Updated and maintained the Floor Center & Tile Depot marketing website. Integrated a tile ordering system that automatically routed customer inquiries to a sales representative for follow-up, without processing payment directly on the site.
- Designed all marketing assets such as pamphlets, store posters, price tags, promotional posters, product designs and other custom print designs.
- Supervised all social media accounts such as Facebook, Twitter (now X), and Instagram; this also includes promotional posts and client interaction.

WORK EXPERIENCE

Full Stack Web Developer
PDE SME Solutions, Inc - Philippines
JUN 2011 - DEC 2011

- Hired for contractual development of a full event registration website with a custom PHP/SQL CMS, integrated with PayPal payment processing.
- Owned the full stack for this project — front-end integration, back-end development, database and system architecture, and PayPal payment integration.

Full Stack Web Developer
Bell Telecommunications - Philippines
FEB 2009 - JUN 2011

- Designed, developed, and maintained a range of static websites using HTML, CSS & JavaScript
- Maintained web-app websites using PHP & SQL
- Created marketing materials for stakeholders.

EDUCATION

Bachelor of Science in Computer Science
STI College Global City, Philippines (2005 – 2009)
